

How Do You Get Kosher Certification?

Kosher certification requirements and steps may vary depending on the certifying body. Below are 10 general steps needed for a kosher certification process.

- 1 **Check** your production process for compliance.
- 2 **Conduct** an internal audit.
- 3 **Select** a certification company.
- 4 **Send** your application to the certifying company.
- 5 **Facilitate** the initial inspection.
- 6 **Ensure** compliance with the certification.
- 7 **Sign** the contract/pay the fees.
- 8 **Review** compliance and receive the certification.
- 9 **Implement** proper product labeling.
- 10 **Set up** ongoing monitoring tasks for continuous improvement.

** FoodDocs is created to help your food business comply with industry standards, such as the kosher certification. Preparation steps, monitoring tasks, and auditing can be done using the FoodDocs' smart Food Safety Management System.*
